

# Master Of Business Administration (MBA) Top Up

The Master of Business Administration (MBA) Top-Up qualification represents a comprehensive full-time career advancement program for individuals with management experience. This program emphasizes strategic business challenges and enhancing leadership capabilities across various sectors. It fosters the development of strategic thinking, equips participants with an in-depth understanding of organizational dynamics, and encourages innovative strategies for addressing business challenges and enhancing operational practices. Graduates are thereby endowed with highly valued analytical and critical thinking proficiencies.

## About Bolton University

The University of Bolton, located in Bolton, United Kingdom, is committed to providing excellence in education. With a distinguished history exceeding 190 years, the university is renowned for its rigorous academic standards and the cultivation of practical skills. It effectively prepares students for future careers by offering globally recognized programs tailored to meet industry demands.

## Course Highlights

The program specifically aims to enhance a comprehensive understanding of organizations, their management, and the external contexts in which they operate. Students are expected to cultivate intellectual capabilities of critical analysis, evaluation, and synthesis, culminating in a dissertation, alongside acquiring academic and professional skills that facilitate opportunities for further career and business development. The program aspires to promote further study, lifelong learning skills, and personal growth, enabling students to work independently and collaboratively within a team.

### Progression on to the (MBA) Top-Up Qualification:
